### SUMMARY

Computer Science undergraduate currently completing the final year of the BSc (Hons) Computer Science programme at the University of Westminster. Experienced in web development, AI integration, and full-stack development through academic and industry projects. Passionate about expanding my software engineering expertise and applying my technical skills to real-world challenges.

---

### WORK EXPERIENCE

#### Software Development Intern | Dawn 360, Sri Lanka (August 2025 - August 2026)

- Contributing to the development and maintenance of modern web applications using Next.js and WordPress.
  - Building responsive user interfaces using React-based frameworks.
  - Supporting WordPress website development and content integration.
  - Collaborating with designers and developers to implement UI/UX improvements.
- 

### EDUCATION

#### Informatics Institute of Technology | BSc (Hons) in Computer Science (2023 - 2027)

Following BSc (Hons) in Computer Science affiliated with the University of Westminster, UK.

##### Level 6 (Industry placement).

- Completed a one-year industry placement as a Software Development Intern at Dawn 360, Sri Lanka.

##### Level 5 (Year 2).

- Human Computer Interaction and User Experience
- Object Oriented Programming
- Database Systems
- Software Development Group Project
- Algorithms: Theory, Design and Implementation
- Client-Server Architectures

##### Level 4 (Year 1).

- Mathematics for Computing
- Computer Science Fundamentals
- Software Development I
- Web Design and Development
- Trends in Computer Science
- Software Development II

#### CIMA | Chartered Institute of Management Accountants (2023 - present)

Currently pursuing CIMA Certificate Level.

##### Certificate Level

- Completed: Business Economics, Management Accounting, Financial Accounting
- Ongoing: Ethics, Corporate Governance & Business Law

#### Musaeus College (2009-2023)

- Completed G.C.E Advanced Level in 2023, achieving passes in Combined Mathematics, Physics, and Chemistry.
- Completed G.C.E Ordinary Level in 2019.

## ACADEMIC PROJECTS

### BrightKids - Kids learning app | Group Project (2025)

An interactive mobile application designed to teach children age 3+ good manners through engaging, AI-generated stories and quizzes.

ROLE: AI Integration | Backend logic for Story and Quiz generation, Progress Tracking | High-fidelity UI

USED: Python, Flask, OpenAI Integration, Firebase, Flutter, Figma

### Sudoku game - web application | Individual Project (2025)

Developed a Sudoku puzzle game that generates random puzzles with varying difficulty levels with real-time solution checking, and puzzle generation algorithm.

USED: React

### Real-time ticketing system | Individual Project (2025)

Developed a real-time event ticketing platform that enables users to browse events, reserve and purchase tickets with instant availability updates.

USED: Java, Spring Boot, React

### Reflekt - Mood analyzing journal web Application | Group Project – ONGOING

AI-powered responsive journaling application that uses sentiment analysis to track and visualize user mood trends over time.

USED: React, Node.js, PostgreSQL

---

## SKILLS

- Languages: Java, Python, JavaScript
  - Frontend: React, Next.js, HTML, CSS, Tailwind
  - Backend: Flask, REST APIs
  - Tools: Git, WordPress, Figma, Canva, OpenAI API
  - Databases: Firebase, PostgreSQL
  - Concepts: OOP, UI/UX, Responsive Design
- 

## EXTRA CURRICULAR

### At Informatics Institute of Technology

Organizing Committee, Member and Volunteer - IET on campus IIT (2024-present)

- Assisted in organizing and managing logistics for the IET Installation event. (2024 and 2026)
- Invigilated and supported the organizing team for IET CIPHER Hackathon. (2025)

Member and Volunteer - IEEE Global (2023-present)

Member - IEEE Women in Engineering, IEEE Computer Society, Rotaract Club of IIT (2024-present)

### At Musaeus College

Vice Secretary of Senior Mathematics Society (2021/2022)

Swimming (2015-2016)

Tennis (2012-2014)
